CARDIO / STRENGTH

AQUAMOTION – An invigorating water workout, which includes cardiovascular conditioning, upper and lower body muscle toning, and yoga stretches. Perfect for all fitness levels, those with back or knee injuries, and pre/post natal women. No swimming skills required.

BODYSHRED – HIIT – High Intensity Interval Training. This unique 3-2-1 formula creates a dynamic, exciting and effective workout. This class continuously moves in a 3 dimensional way to peak your performance. You will get incredible results with this non-stop action packed class.

BONE BUILDER – This class is designed for people with osteopenia and osteoporosis. It targets the whole body using gentle weight bearing exercises, resistance exercises, stretches and balance activities to strengthen bones, muscles, and help with posture.

CORE FUSION – Lengthen, strengthen and rejuvenate in Core Fusion. This power mat class will combine Pilates, Yoga and Core Conditioning. Focus on balance, flexibility and strength while using your own body weight for resistance and stability.

CROSSFITNESS – Anything and everything goes in this strength and conditioning class. Your cardio endurance, stamina, strength, flexibility, power and balance will all be improved using a variety of techniques and equipment. Train like an athlete in this cutting edge, high intensity workout.

FUNCTIONAL FITNESS – A strength and conditioning class focusing on proper alignment, posture and movement patterns used in daily life. This class uses various modalities such as free weights, the stability ball, and your own body weight to develop core strength and achieve maximum results.

JUST STRENGTH – A results oriented class using a plate-loaded barbell system. This class focuses on resistance work with moderate to heavy loads, incorporating current weight training principles. This workout is guaranteed to burn calories, increase lean muscle mass, and improve strength and endurance.

SILVERSNEAKERS® - Move through a variety of exercises designed to increase muscular strength, range of movement, and skills required during activities for daily living (ADLs). Hand-held weights, elastic tubing with handles, and a ball are offered for resistance: a chair is used for seated and/or standing support.

STEP AND STRENGTH – Easy to follow step choreography with options to add power or fancy footwork will be combined with strength exercises that are designed to tighten, tone and increase your overall strength.

STRETCH FUSION – This class consists of deep stretches, utilizing your own muscles to work yourself into the stretch. Push yourself to the level that is best for you. You will stretch and strengthen your muscles to make you stronger, more flexible and elongate your muscles.

TREKKING – Join us on the third floor for a challenging “group treadmill” workout designed for walkers and runners of all fitness levels. Whether you want to train for a marathon or just get in shape Trekking is for you!

TREK/ABS – This half hour Trekking class is followed by 15 minutes of abdominal work.

ZUMBA – Are you ready to party yourself into shape? That's exactly what the Zumba® program is all about. It's an exhilarating, effective, easy-to-follow, Latin-inspired, calorie-burning dance fitness-party that will move you toward joy and health.

CYCLE

A vigorous cardio class without comparison. This class uses a specialized stationary bike in a group exercise setting; perfect for any fitness enthusiast, recreational cyclist or serious racer.

CYCLE AND ABS – Ride your way to fabulous abs. In this class you will ride for 60 minutes and follow up with 15 minutes of intensive ab work.

EXTREME CYCLE – This class will challenge your toughness. Get ready to experience intervals in and out of the saddle, climbs, sprints, and much more.

STUDIO RIDE – Experience a different ride each week with a variety of drills, terrain and visualizations in this cycle class.

MIND/BODY

ASHTANGA YOGA – This class consists of a series of poses including Sun Salutations A & B, standing sequence, seated primary series, and the finishing sequence. The result is a strong body and calm mind

IYENGAR YOGA – A form of Yoga emphasizing the development of strength, stamina, flexibility, balance, and meditation. The use of props will aid in experiencing Asanas easier and fuller.

PILATES MAT – The mat work is a series of floor exercises designed to focus on targeting the entire body. The key elements of this class are core muscle strength and spinal alignment.

YOGA FLOW – This class blends elements of Ashtanga, Iyengar and Viniyoga, which emphasizes proper alignment at an accessible pace. This is an all-level class with plenty of modifications available to beginners.
